

DEPARTMENT OF ELECTRICAL ENGINEERING

April 2016

Volume 3, issue 2

Inside this issue:

Technical Poster Presentation 1

Two Days work shop on
"PLC Programming" 2

A seminar on
"Embedded system " 2

Expert lecture on Signal
and System 2

Industrial Visit 3

A Seminar on
"Motivation & Interac-
tive Session " 3

B.E Batch Photograph 4

Message by Head of
Department 4

Special points of interest:

- Technical Poster Presentation.
- PLC Programming.
- Industrial Visit.
- Seminar on Motivation & Interactive Session.

A technical poster presentation is organized by Electrical Engineering Student Association (EESA) on the date of 27th Feb, 2016. In order to enhance the knowledge of presentation skill EESA organized this event. The event has started by inaugural ceremony by Hon'ble Principal Dr.K.J.Karande and Prof S.P.Ganjewar.

For this event around 106 participant were present from various departments and colleges. Students has presented their poster skill through this event. The event has been evaluated by Prof.M.B.Kulkarni, Prof S.M.Sawant and Prof Atul Aaradhye. Finally best poster presentation is appreciated by prize money and function was concluded.

Inauguration of Technical Poster Presentation event by Hon'ble Principal Dr. K J Karande.

Judges Evaluating students poster Presentation..

Two Days STTP on “PLC Programming”

Two days STTP on PLC Programming arranged by Department of Electrical Engineering In collaboration with “Vibro Automation Center "under Electrical Engineering Student Association. The workshop conducted for B.E and T.E electrical engineering students. Around 58 students attended the workshop and as a student of electrical engineering student get benefitted of PLC Programming and its future scope.

Expert Lecture on Signal & Systems.

The department of electrical engineering has conducted an expert lecture on signal and system for T.E electrical students to enhance the knowledge of signal and system by Prof. Arun Ukrande. All the TE students actively participated for this expert lecture and students get benefitted about signal processing and its use to convey the information. Prof. Arun Ukrande.

Prof. Arun Ukrande addressing the students.

A seminar on “Embedded system”

A seminar on Embedded system arranged by Prof.Vitthal Jagtap on date of 7th March, 2016.The seminar has been conducted by Electrical Engineering Student Association (EESA). For the seminar B.E Electrical students were present. B.E Electrical students to enhance the knowledge of embedded system by Prof.Vitthal Jagtap and students gets benefitted about embedded system and its applications in field of engineering.

Prof .Vitthal Jagtap addressing the students.

A Seminar on "Motivation & Interactive Session "

The department of electrical engineering Organized a seminar on Motivation and interactive session by Mr. Dayanand Gawade (PI Pandharpur) on 13th Feb, 2016 for all Electrical Engineering Students. The function was started by felicitation of Hon'ble Police Inspector Mr. Dayanand Gawade by Dr. C P Pise (HOD Civil Engg.). Mr. PI advised every students not to give up for any reason in life. He also interacted with girls students to give guaranteed support for emergency situation by Pandharpur police at any time. He also launches an app for the women safety and by this one can easily give the information of violated situation in the area of Pandharpur. The function was conclude by vote of thanks .

Mr. Dayanand Gawade addressing the students.

"Industrial Visit"

The Department of Electrical Engineering organized one day industrial visit to Abhishek Electrical, Kolhapur On 23rd January 2016. The brief introduction to company is given by faculty members of Abhishek Electrical and explained the various departments. It was an informative, interesting and a successful visit. As students of Electrical Engineering, we have learned construction, operation and different practical aspects of Transformer, Motor and alternator.

Electrical Department 2015-16 Batch.

Message by Head of the Department.

Welcome to the department of electrical engineering of SKNSCOE, Pandharpur. We provide very informal atmosphere between faculty and students. Electrical engineering Department has always been known for creating an Ambience where scholarship flourishes.

Prof. S.P.Ganjewar

Faculty members of our department are not only engaged in their research but are also passionate about teaching. We constantly look for bright, young students who have passion to participate in research and provide quality service to the nation. Under this, department conducts some activities other than academics so as to improve overall of the students. For that we have organized Electrical Engineering Students Association (EESA) under which we conducts many activities like Poster Presentation , Guest Lectures, Debate competition, Aptitude Test, Group discussion Etc.

Don't watch the clock; do what it does. Keep going.
