

SKN Sinhgad College of Engineering, Korti

Department of Electrical Engineering

Two Days Certificate Course on “PCB Design & Manufacturing”

Date: 29th-30th Sept. 2018

Two days certificate course on “PCB Design & Manufacturing” was organized by Department of Electrical Engineering, SKN SCOE, Korti in association with APTRON TECH. Satara on 29th-30th Sept. 2018.

This course was intended for the second year students and 59 students were participated in this two days course. In this course students learned design of circuits in OrCAD software. They learned the PCB manufacturing process and fabricate PCBs for different circuits in the hands on sessions during the course. Through this course students are now confident enough that they will design the circuits and fabricate in project labs.
