

Induction Program

Induction program for First Year Engineering students was organized on 21-22 August 2019 at 10.00 a.m. in AC Seminar Hall. The program was chaired by Hon. Principal Dr. Kailash J. Karande and Chief guest was Prof. I. I. Mujawar. Prof. A. I. Nikam explained the infrastructural facilities available in the campus and its benefits to all students.

Dr. R. T. Vyavahare and Prof. S. D. Katekar conducted a session on 'Carrier Guidance and Motivational Speech' from 11.00 am to 01.00 pm. In Engineering, there are various fields where Engineering can do it.

Prof. I. I. Mujawar interacted with students on the 'Discover yourself and Developing Success Habits', and 'Goal setting and time management'.

These both sessions are more informative to the students. Every student can participate in each activity conducted by College, which is very helpful to improve personality, soft skills of the students.

On 22.08.2019 at 09.0 am, Induction programme was started with the 'Smart Study Techniques' of Prof. I. I. Mujawar. After this session, Prof. A. I. Nikam conducted a lecture on 'Scholarship', which is required for students and parents.

All facilities of Institute like hostel, ATM, playground etc shown to students by Dr. R. N. Badage and Prof. S. V. Pawar.

Lastly, feedback from student taken and vote of thanks given by Prof. S. V. Pawar.

Dr. Sampat G. Deshmukh

International Conference on Smart Materials and Nanotechnology (ICSMN-2020)

International Conference on the theme 'Smart Materials and Nanotechnology' (ICSMN-2020) which eventually aimed to bring together scientists, researchers, technologists and industrialists across the world to exchange their views and ideas for better possible scientific collaborations in the domain of interest was organized on 02-04 January 2020.

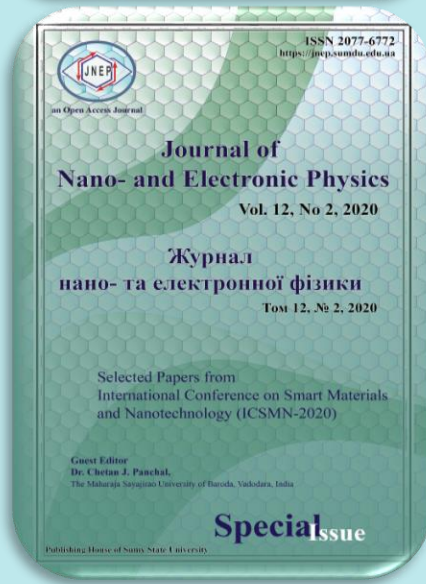

The scientific programme of the conference was included plenary talks, invited talks, and papers in the form of oral and poster presentations.

ICSMN-2020 was the premier forum for the presentation of new advances and research results in the field of smart materials and nanotechnology. The subject areas suitable for submission included advances in materials and their applications in technologies which had **societal perspective**.

Prof. Mohan L. Kolhe from Norway, Prof. Tawfik from Egypt were the keynote speakers. Prof. Girish Gund from S. Korea, Prof. C. D. Lokhande from Kolhapur, Prof. Mani from Hyderabad, Prof. C. J. Panchal from Baroda (Gujarat), Prof. A. Lal from NIT Surat, Prof. S. S. Suryawanshi and Prof. V. B. Patil from Solapur, Prof. Mrs. T. M. Bhawe from Pune, Prof. Mrs. Kinjal from Gujarat were the invited speakers for ICSMN-2020.

In ICSMN-2020, total 105 registered papers were presented in the form of oral and poster presentations. From both presentations, three **best paper awards** were given to the participants.

The high quality 45 full-length papers after peer-review process were published in the **Journal of Nano- and Electronic Physics** journal (SCOPUS).

Parents Meet

In academic year 2019-20, first year department conducted parents meet in each semester.

First meet was conducted on 04.10.2019 at 11.00 am. Prof. A. I. Nikam connected with parents and students with the explanation of purpose of the parents meets with PPTs. Mainly he explained, how to prepare and face the Solapur University, Solapur examinations. He gives some tips/idea to students with the help of beautiful examples. Everyone is happy with his speech.

Engineering students are diverted towards the higher education. Such higher education is also available at our Institute, explained by our Principal Dr. K. J. Karande

in his welcome and guidance speech.

The anchoring of parents meet was carried out by Prof. S. V. Pawar. Vote of thanks was given by Dr. S. G. Deshmukh.

In sem-II, parent meet was conducted on 10.03.2020 in AC seminar hall. For this parent meet Prof. Kumbhar and Dr. Bhagyashree Boxey were the parents representatives. Prof. A. I. Nikam explained the efforts taken by the Institute towards the students. Hon. Principal Dr. K. J. Karande gives the guidance to the students. In this parents meet, University topper 23 students were felicitated. Vote of thanks was given by Prof. S. V. Pawar.

WORKSHOP on AWARENESS of MOODLE

Workshop on Awareness of Moodle is organized for first year Engineering students on 27.09.2019. The guest for this workshop was Prof. Vinayak V. Patil, Computer Science and Engineering Department. He explained how Moodle can be invaluable for the education institute when it comes to structuring and sharing faculty/students course materials with learners, and also in monitoring and assessing progress. He also explained how the Moodle is useful for ONLINE teaching learning process.

SEMINAR on AWARENESS OF GATE EXAM

The F. Y. B. Tech. department has organized a Seminar on "Awareness of GATE Exam" on 27.02.2020 at AC seminar hall for students. Our Chief Guest interacted with first year students. In his speech, he informed about the importance of GATE exam in students career. Using competitive exams students are able to identify problem areas as well as recurring issues that affect the overall job expectation.
